

D.6
MICHIGAN DEPARTMENT OF NATURAL RESOURCES

INTEROFFICE COMMUNICATION

May 1, 1979

TO: Robert J. Courchaine, Chief, Water Quality Division
FROM: Problem Evaluation Committee
SUBJECT: Categorical Listing of Five Problem Areas Assessed by the Committee

The following review of the Division files and interviews with regulatory staff, the committee has listed five problem areas categorized on the following basis:

- Category 1 - The review indicates that the potential public health hazard exists.
- Category 2 - The review indicates that a potential environmentally sensitive problem exists.
- Category 3 - The review indicates that the problem is not of unusual importance and should be handled in the regular course of regulatory work.
- Category 4 - The problem has been referred to the Environmental Enforcement Division.
- Category 5 - Insufficient information exists to categorize this problem.
